Instructions for Mounting The Message Board with Mounting Bar

Choose an area where you would like to hang your new Message Board (if hanging in the shower, wall must be clean and dry. Remove any soap film from the surface where mounting bar will go by cleaning with rubbing alcohol. Make sure wall is dry). Remove paper backing from mounting bar to expose the double-stick tape. Adhere to wall making sure that the exposed tape is at the bottom edge of the mounting bar. Apply strong, even pressure for 60 seconds and then wait 24 hours before hanging the board. This will ensure a good bond. To hang, simply mount the board so the slot on the back of the board fits snugly over the mounting bar.

How to Use The Message Board

Simply write and enjoy! Twist the top of the pen clockwise to expose lead (lead for darker colored boards is white). Please be aware that pen may occasionally skip due to moisture build-up when using Message Board in the shower. To remove writing from Message Board, it is best to remove board from mounting bar and place on a horizontal, flat surface (if using in the shower, make sure Message Board is completely dry before removing writing). Rub off writing with tissue, paper towel, toilet paper or a clean cloth. Message Board with magnetic strips can remain hanging up while removing writing.

How to Remove the Mounting Bar

Insert a putty knife or similar tool firmly between the mounting bar tape and the wall surface. Using continuous leverage, slowly pry the mounting bar and tape away from the wall.

Choose from the Latest Designer Colors

The Message Board comes in a wide variety of designer colors to match any decor: Black, Forest Green, Blue, Almond, Gray, Pink, Lemon Yellow and White. Also comes in Translucent Yellow & Translucent Blue for double-stick tape boards only.
